

CONGRATULATIONS
Black Cultural Zone's
Levitt VIBE
Music Series

**Black Cultural Zone CDC has been
selected as a 2026-2028 Levitt Music
Series grant recipient**

The Levitt Foundation has approved a total grant award of up to \$120,000 for continuation of Black Cultural Zone's Levitt VIBE Music Series. The Levitt Music Series Grants is a dollar for dollar matching three-year grant program, and grant recipients will receive up to \$40,000 per year to present 7 – 10 free concerts each year.

Returning Levitt Music Series grant recipients were selected through a Levitt Foundation review process, based upon the projected impact of continuing your Levitt VIBE Music Series, feasibility of implementation over three years, demonstrated need, community support, as well as overall alignment with the Levitt mission and the Levitt Foundation's values.

The Levitt Foundation also considered the following factors, amongst others, in selecting returning Levitt Music Series grant recipients:

- The characteristics of the public space where the free concert series is to be presented.
- A programming philosophy that is inclusive, family-friendly and represents a wide range of music genres.
- Outreach strategies that are inclusive of all members of the community.
